

Mission Statement

British Gaskets Group will strive to be one of the highest quality, quickest response and most effective manufacturer and supplier of all gaskets and seals that meet or exceed our Customers' expectations.

Quality Policy

British Gaskets Group will maintain and adhere to the Quality System as described in this Business Policy Manual in order to ensure that customers receive products that conform to their specified requirements.

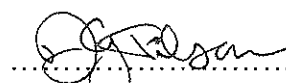

To maintain the Group's registration to BS EN ISO 9001:2008, ISO/TS 16949:2009 & ISO 14001:2004 by adhering to the policies and procedures as described in this Business Policy Manual.

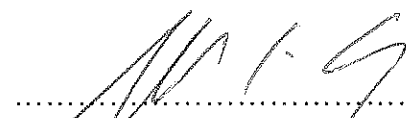

To strive to continuously improve the Quality System in operation within the British Gaskets Group.

In order to achieve this The British Gaskets Group will provide adequate resources, including trained personnel, to meet the verification requirements.
